May 20, 2010

To Whom It May Concern:

It is a pleasure to write a letter of recommendation for Theodore Wills. He served as an intern at Morales in the spring of 2010 in a third grade classroom. He was exposed to the crucial reading and math curriculum that we deliver our students in the months leading up to the TAKS test.

He was always professionally dressed and on time. He was very cooperative with his supervising teacher and took her coaching comments very well. He has an art background which was very helpful in integrating content areas and speaks Spanish fluently.

Mr. Wills also administered the TAKS test to Spanish language speakers in a small group setting. He attended all trainings and meetings required for teachers and never complained once. Mr. Wills is very committed to teaching and will not let you down.

Sincerely,

Kathy Connolly

Principal
